ASCEND is designed to bring an elevated approach to Group Training with the hands-on professional experience and guidance of a Personal Trainer. You no longer have to choose between the energy of a team and the expertise of a personal training session. Now, you can have both.

ASCEND Team Training uses MyZone heart rate monitors to track your effort level, calories burned, and to help you stay accountable.

For best results, check online schedules for weekly class focus.

CLASS DESCRIPTIONS

BOOTCAMP

This fast-paced workout utilizes an array of functional training equipment in a circuit-like training style. Energy is high, heart rates are higher. Check schedule for a weekly focus.

BOXING

Strap on your boxing gloves and learn the perfect strikes, combos and footwork, to get into killer boxing shape. Boxing gloves required.

ENDURANCE

Be prepared to spend a majority of your time on the Treadmills and rowers. This class is 75-minutes and designed for the person looking to build their endurance, and burn a lot of calories.

FUNDAMENTALS

For the individual who wants the intensity, at a slower, self-guided pace. We break down the basics of the equipment and the exercises, but keep the workout tough. A great place for the inquiring mind and motivated body that needs a little bit of an extra confidence boost from our Personal Trainer team.

HIIT BODYWEIGHT

The best weight to push is your own in this body-weight only workout. Great for the busy individual short on time. Pack in a total body workout in just 40-minutes.

HIIT STRENGTH

Alternating between cardio and strength exercises you can expect to keep the heart rate elevated for longer periods of time. Check schedule for weekly focus.

STRENGTH

With a unique focus each week, our priority is on compound movements, heavy weights, and building a strong body. Check schedule for weekly focus.

Classes with zero enrollment 12 hours prior will be cancelled.

All classes are held in the Training Zone unless noted.
